I'm Superlove, a dating app. I have no defined gender.

Even if I'm not as popular as my competitors, such as genderless eharmony and DateMyAge, I do have my users and I love helping them find their soulmate. Unfortunately, a scandal is threatening my very existence.

Apparently, a woman is suing a man for sexual assault. These tragedies happen all too often but here's the kicker: she met this man through me. She was using Superlove.

Many of my users have left me for eharmony and DateMyAge and if I have to close down, it will be my death! eharmony and DateMyAge have still called me, saying they support me, but I'm not feeling any better.
